Stars and stripes freedom
Stars and stripes America
No future for the youth
A country begging
Begging for the truth
They feed you full of lies
They want your brain
Hypnotized
So you will never believe
That Jesus Christ will set you free

Do you feel the stars and stripes
Did you know that My God died
So you can have liberty
Jesus Christ is my stars and stripes

Don't you know you're not free
In America land of liberty
You're under control by lies
You think that truth would compromise
Our government is corrupt
Not a nation under God we trust
But power and faith in man
The stars and stripes will help you understand

A revolution will start
A revolution in the heart
In the souls of ever man
It's time for you to take a stand
Cause God's the only truth
And He's the only light
And He's the only freedom
And He is my stars and stripes

Fight all you want
But still you'll never be free
You can spend all your money
But never live comfortably
Go on hating your life
And never know the reason why
Jesus Christ is all you need and everything is a lie
