### "The Fence"

No, don't ride the fence  
Your solid black and white  
Hot or cold, you are  
You will be a believer

.....in heaven or hell

For him and against him  
People stand  
For him and against him people are

I will fight the good fight  
Fighting satan is hard-core  
Pick up your cross  
And don't be a sell out

Come with us and serve  
The Lord

I will fight the good fight  
And i will fight  
I will fight the good fight  
And i will fight
