"Wife Beaters"

Clench your fists
Angers in your blood
You are seeing red
Think your number one
Jealousy in your minds
Violence in your soul
To be a man
You hit your wife
You have no self control

Control a woman
That's what you try and do
Play mind games
Like your in a game of pool
Hit them with your fist
Kick them with your boot
After that you think it's cool
Get it straight you freaking fool

Wife beaters your so lame
Play that foolish game
Wife beaters your so lame
Play that foolish game

To hit a girl is so immature
To hit a girl, you are insecure
To hit a girl, you have no self esteem
To hit a girl.....
There is no excuse
