Chorus:

I keep it 100 grands understand, understand
I keep it 100 grands
I keep it 100 grands understand, understand
I keep it 100 grands
Uh, uh!

What's heading from them rich?
What them nigga get at?
Can please tell me some that I don't know?
Me and the gang we're going loco?
I got a cold flow, these rappers broke though
But I won't help them I will melt them
Rappers still scared that we're slipping, homie
I got a problem, I always keep something decent on me
They think I'm fucking with 'em, they think I play around
I keep them real so the real always stay around
I keep it underground, ain't it your funny style?
Mad pussy, young niggas getting money now
It's the gang, huh? We understand huh
I spent your whole paycheck on this chain, huh?
Right from the bank, huh? That's where it came from
It's where the squares came through and got the game
first

Chorus:

I keep it 100 grands understand, understand
I keep it 100 grands
I keep it 100 grands understand, understand
I keep it 100 grands
Uh, uh!

I'm rolling like I'm balling and I'm striking like I'm
posing
People looking at me like I was chosen
They know the big dog gotta keep dosing
Every day I get it in, shit, I just win
Bitch, I'm 100 grands, ten racks time ten
You kiss ass and I don't follow that trend
Chop on decks, see whoever you wanna see
To rule the game, I'm doing charade

If you ain't bringing money to the table you can vacate
You'll be up the whole night staring in the ice box
I'll be making deals by shares of the lifestyle
I'm a cool cat, I don't really like cops
In and out the jail, making bail, bitch, my life hot!
I'm always in the building, cause I built it
It's all breath feet, you know I,

Chorus:

I keep it 100 grands understand, understand
I keep it 100 grands
I keep it 100 grands understand, understand
I keep it 100 grands
Uh, uh!

..things I'm about, I'm about riches and bitches
Cause I'm about being the sickest, cause niggas know
I'm the realest
..the beat he knew I was gonna fill it
He knew I was gonna kill it, I will chamber and,
He put me against the best of me,
They want these hot rhymes, they're killing in every line
These niggas rap good, but these niggas really lying
We're seeing these cash money, now niggas is big
timing
We're fucking with my cash, man you're fucking with
your life
I ain't saying I'm a thief, but a nigga fuck your wife
I'm riding like a cock, got these fans screaming outside
Got your bitch screaming, now she wanna fuck a
jackpot
I got the gold chains, and your bitch love that!
I never slipped and I,
Trying to get my dick sucked, trying to get my,

Chorus:

I keep it 100 grands understand, understand
I keep it 100 grands
I keep it 100 grands understand, understand
I keep it 100 grands
Uh, uh!
