[Hook]

Step your wrist game up
Fuck around with me I get your bitch jade up
Fuck around with me I make your bitch change up
Don't be mad at me, step your dick game up
Ah, step your dick game up,
Ah, step your dick game up,
Ah, step your dick game up,
Flashin little A...make your bitch change up

Go, riding big bodies no go's
Like fuck a repo, I'm back up in this thang
Like I left something brought that bay back
Like I chest pumped her yes function
Yes up was one that thing

Yes I'm rich from the riches hoe
Always talkin bout some digits, huh
Like a phonecall, talk some dough or leave me alone
y'all
Cash money like short dog
She's a didy, only A...stars
Own place, own car, make em all hard
Dress game mean, bad go yard
Holler if you hear me like sonar
Whatever I do, I do it big
And if I say it, that's what it is
I'm from the bay where niggas still go dumb
And the floor already flooded, but I still throw 1's!

I told her check on my mat, jordans with the number

9's on the back
If it ain't millions, I ain't signing it jack
No chill, for real, these niggas said they turned up
I got no skills,
I'm a trill young g, kick game still be like chun li
She wanna know if I'm from... come see
I give her that sweet jones, no bum b, no bum b
Man they hollin all around the map, mannin out the cab
Ballin like t mag, yeah I hit her once, I won't call her
back
I'm like oh no, that's not what's good man
I do my 3 step, that's my hood dance
I'm from the bay and you know that we run that
And I'm pokin the booty just like a thumb tag
And I'm riding, sliding, slippin and dippin
I'm getting my chips yeah, throwin up rich man
Know what I'm talkin bout?
