It fell off then I put the baby back on  
This is pop corn, make the bees I rap on  
Kill em, kill em, kill em, kill em, kill em  
She a dirty bitch man she need penicillin  
Stacking cake up to the ceiling fin to blow the damn  
roof  
Hot as king kong and I'm like a bamboo  
I got real niggas with me classified, and say the proof  
Everytime we in the streets they say the animals is  
loose  
I be wiggig on the beef bro,  
killing shit these lame things I got a chief code  
I'm in beast mode, tell these other rappers keep  
grinding  
Like my back turned to em everybody behind me  
Come and face me, I assassinate beats  
Rick said it raised me, Pennsylvania 8th street  
Harbor way riding down the south side  
...ohio, my first bike ride

[Hook]

I be ridig through my city feeling something like a  
myth  
If you getting money put your hands up in the air  
Niggas say they hate me but see I don't really care  
Hbk the gang we here to say, we ain't going nowhere  
We ain't going nowhere, nowhere, nowhere  
We ain't going nowhere, nowhere, nowhere  
We ain't going nowhere, nowhere, nowhere  
We ain't going nowhere, nowhere, nowhere

Switch style, turn around, peep the dismount  
Air Jordan chunkie got em scared to pull the kicks out  
I ain't even touch her but she screaming like my dick  
south  
West side nigga but I make your bitch dip south  
I'm juiced up, like the batteries included  
Tryina keep up with me, you ain't got the salary to do it  
Top 10 nation wide, academic student of the game  
Niggas lame, I'ma show you how to do it  
I'm banding names, 1 in 80 that was 88 I've been crazy

straight  
I got plenty of niggas that's really bout that shit  
They got artillery like a naval base, ah  
I'm so fragrant with the style, I play daddy to these  
rappers  
So may god bless the child  
Got her roping like the car in the garage backing out  
Got her giving me massage to my dick with her mouth,  
ah  
And everyday is with a happy ending  
Then I'm right back in the streets, right back winning

[Hook] x 2

I be ridin' through my city feeling something like a  
myth  
If you getting money put your hands up in the air  
Niggas say they hate me but see I don't really care  
Hbk the gang we here to say, we ain't going nowhere  
We ain't going nowhere, nowhere, nowhere  
We ain't going nowhere, nowhere, nowhere  
We ain't going nowhere, nowhere, nowhere  
We ain't going nowhere, nowhere, nowhere.
