Chorus:

Uh, uh, uh, uh

Tell the world about it

Just bought a car and now I'm about to tell the world
about it

And when I pull up, I bet you gonna see your girl about
it

And when I pull up, I bet you gonna see your girl about
it

Go tell the world about it, tell the world about it

Just bought a car and now I'm about to tell the world
about it

And when I pull up, I bet you gonna see your girl about
it

And when I pull up, I bet you gonna see your girl about
it

She gonna tell the world about it, tell the world about it

Tell the world about it, the world about it

And when I pull up, I bet you gonna see your girl about
it

We always pull up to the back because we ..

Everything is everything, blow Mary Jane like
methamphetamine

Need four racks for a show, tax niggas a percent
Heartbreakers, the type that need

I got big, in my,

I mean leave eyes, he lead style

Niggas buy enough for my time to pay

What a fuck you said? Fuck you mean?

Money, money ain't nothing coming between

She gone see you , every time she, the team

I got white girls like Gucci Man

Black girls that don't usually dance

Popping out in that old black truck

Where he gone? Excuse me, man

All my hoes are usually tense

Heartbreak, young Shawty, man

Been that, young nigga

And everybody that run with him

Go hard, no lie , I'm at your neck at both ties

I can count your check with no eyes
If I like the shit I go by
Press the gas pedal just a little bit
Now tell these fuck niggas goodbye
I go hard as hell, I don't try
And I'm high as hell, I'm on fire!
Like peace, sayonara, gonna see your ass tomorrow
Got a bad ass bitch, you would swear she a model!

Chorus:

Tell the world about it
Just bought a car and now I'm about to tell the world
about it
And when I pull up, I bet you gonna see your girl about
it
And when I pull up, I bet you gonna see your girl about
it
Go tell the world about it, tell the world about it
Just bought a car and now I'm about to tell the world
about it
And when I pull up, I bet you gonna see your girl about
it
We always pull up to the back because we..

I'm a pioneer, I showed you lame hoes how to stunt
I pull up music like a fool, I bring out pesos every month
Were so many niggas hating, but I took on everyone
Killing everything, they put me on the, carry guns, son
Private tune, you're the ruin, she fire hot, I'm barbecue
I been about paper, don't know what you all been doing
The shit is a layer, I'm talking,
I'm just stacking music, lay back,
These niggas say they're hot, but don't grab the stacks
to prove it
I can't go back to losing, I'm too used to women
Heartbreak gang, we're in it
Girls, it's just the beginning!
I'm MJ bad, I can't place less
I'm close to heart, my campaign add
The heart break game, begin this thing
We must maintain to get this game
Put you on, to take you off
I'm going to hard, I can't go South
She gave me heart, her clothes come off
And then she's mine I pull her,

Chorus:

Tell the world about it
Just bought a car and now I'm about to tell the world
about it
And when I pull up, I bet you gonna see your girl about

it
And when I pull up, I bet you gonna see your girl about
it
Go tell the world about it, tell the world about it
Just bought a car and now I'm about to tell the world
about it
And when I pull up, I bet you gonna see your girl about
it
We always pull up to the back because we..
