Verse 1

This Is My Story
I just wanna write you a song
i have been lonely
i just wanna let you to know

that i really really love
really really need you
baby you'go gimme one chance
if you really really love me
really really need me
baby you'go gimme one chance

hook

i dont care what they say
i dont care what they do
i just wanna be with you
cause cause you are so mine
i dont care how they feel
i dont care if they hate
i just wanna be with you
cause cause you are so mine

verse 2

it's not ok girl
(its not ok)
i just wanna be close to you
(wanna be close)
i used to think that
(used to think that)
one day you will be mine
(Cause If You)

i really really love
really really need you
baby you'go gimme one chance

if you really really love me
really really need me
baby you'go gimme one chance

hook

i dont care what they say
i dont care what they do
i just wanna be with you
cause cause you are so mine
i dont care how they feel
i dont care if they hate
i just wanna be with you
cause cause you are so mine

verse 3

and if you gimme your heart
girl i will give you my hands
cause together
we will
make it
and i promise
i will never leave
and you know
that i love you

i really really love
really really need you
baby you'go gimme one chance
if you really really love me
really really need me
baby you'go gimme one chance

hook

i dont care what they say
i dont care what they do
i just wanna be with you
cause cause you are so mine
i dont care how they feel
i dont care if they hate
i just wanna be with you
cause cause you are so mine
