Anytime we talk say we go rock, we go all the way (x2)

[Hook]

Better cars, better clothes on me

Better parties, better houses and better girls on me

See I can take you there

Champagne everywhere

That's the life we live

Like everyday

Hail am a superstar(x8)

[Verse 1]

Okay

Oh yeah we celebrating

The problems are no more complicating

Step on the floor when the ground are shaking

Feels like the times that we over waiting

Champagne life, bottle on me

Step in the club and see the model on me

We making the raps so we blazing the track

So we pop more like set the bottle all free

We don't buy drinks at the bar

They supply us cause they know who we are

Brand new clothes and the best of guitars

Girls on my lap like I play the guitar

See I get paid to go clubbing

Feel free my soda's like Morgan

Blue liquids flow in my organ

I got whip and now I'm over flogging

[Hook]

[Verse 2]

Fly, I'm in my airplane mode

Shopping everyday, never wear the same clothes

Colours all bright looking like the rainbow

Cameras flash wherever the man goes

I'm so brand though

And I effect the hole entire metro

I'm top on the list, I'm starlet Federer

My shoe rooms got more shelves than tesco

I'm so high, no tree smoking

Genevieve got a crush, that's me joking

Sometimes talk shit when the lips open

But still I'm on your laptops, beethoven

Yeah I'm too hot, you see the shirt soaking
Too many fans up, wondering how he coping
Feel the tinkle in your spin that's me poking
I'm too dope for sorta like me cocaine

[Hook]

Ok my baby lady
Oh so you think I'm fly
That shit don't make me crazy
Yeah, and I'm floating in skies
You like that movie magic
Huh, cause it got much action
You confident and you cocky
And you swag with passion
