Well said in my head  
Dumb it down  
Well screamed that was mean  
Put it down  
If this is all you can look for the door

But it's all gone now  
It's all gone now  
It's all gone now  
Now it's all gone

Full stream this machine  
Down the track  
No tread loose your head  
Put it back  
And when it stalls we can walk home alone

But it's all gone now  
It's all gone now  
It's all gone now  
Now it's all gone

This one  
This one here is starting to open  
Open up inside of you

Listen  
Listen here  
It's already talking and talking

This one  
This one here  
Is already folding over up inside of you

This one  
This one is falling and falling

Well said in my head  
Dumb it down  
Well screamed that was mean put it down  
If this is all you can look for the door

But it's all gone now  
It's all gone now  
It's all gone now  
Now it's all gone
