I'll be gone now either way that the wind blows  
I'll be back though leave a light in the window  
When the waves die down I'll be halfway around and I'll  
call you  
When the sun blocks out hold the radio up to the phone

I was dreaming I was heading west thirty days faster  
Had a fever woke up in a sweat bailing out the water

Can't go on, can't go back  
Can't go on  
Can't go back

Heard your voice coming through the noise  
Wrote it in the radio log  
Hurt my head wondering what you said  
So I threw it overboard

Can't go on, can't go back  
Can't go on, can't go back  
Can't go on  
Can't go back

I was dreaming I was heading west thirty days faster  
Had a fever woke up in a sweat bailing out the water

Can't go on, can't go back  
Can't go on, can't go back  
Can't go on  
Can't go back
