I woke up to a beautiful day in a cave
Watching the colors wave I sat up
As the broadcast day began

I'm in love before the phone starts ringing it's you
Here's another clue I'll be gone
Before the daylight savings is through

Let's go home
There's a boy with a knife at the door
And he's leaving if he gets too bored
He's been waiting on us since the dawn
(Is that what he said?)

Later on there's an old man blocking the door
With his head and his neck on the floor
And he won't wake up 'till dawn
(Is that what he said?)

I wanna talk shit when we get outside
I wanna play tough when you're terrified
I wanna have fun like we used to do
I wanna rule out the alternative

Going, going, going
Feet don't fail me
Going, going, going
Feet don't make me
Going, going, going
Please don't make me leave again

Eventually, I'll be in California physically
And maybe I can love you complete

Going, going, going
Feet don't fail me
Going, going, going
Feet don't make me
Going, going, going
Please don't make me leave again

Eventually, I'll be in California physically

And maybe I can love you complete
