I don't even wanna be in the club
Cause all the women show me love
All I seem to do is think about
Everything I had before
I can't blame it on the alcohol,
And the beat goes on and on
But all I seem to do is keep thinking about, keep
thinking about her
I don't even wanna be in the club

Can't eat, can't sleep, can't think without you here
The day you left, my world disappeared
I never wanted us to be over
Now look at what I did now we over
I'm standing in the vip cause you're all that I see
Every time I turn around
I think my mind is playing tricks on me
I lost my love and it's killing me
Said it's killing me
And that's why I say

I don't even wanna be in the club
Cause all the women show me love
All I seem to do is think about
Everything I had before
I can't blame it on the alcohol,
And the beat goes on and on
But all I seem to do is keep thinking about, keep
thinking about her
I don't even wanna be in the club
I don't even wanna be in the club
I don't even wanna be in the club

I was in the club, drinking my cup,
Throwing it up like I didn't give a fuck
Fronting like I ain't thinking about you
What am I to do this is ridiculous
I never wanted us to be over
Now look at what I did now we over
I'm standing in the vip cause you're all that I see
Every time I turn around

I think my mind is playing tricks on me
I lost my love and it's killing me
Said it's killing me
And that's why I say

I don't even wanna be in the club
Cause all the women show me love
All I seem to do is think about
Everything I had before
I can't blame it on the alcohol,
And the beat goes on and on
But all I seem to do is keep thinking about, keep
thinking about her
I don't even wanna be in the club
