"Repeat It"

In motion reaction of action is slow
Still flesh of mine is flesh of yours
Too much to loose living in your shell
No face
No identity

I hate
I love
I fear
I breath
I live my life love to be free
I hate
I love
I fear my blood is red like yours

Silver chrome eyes
A target will rise
I'm forced to condemn it
Always uncompleted

Silver chrome eyes
A target will rise
I'm forced to repeat it
Always uncompleted

I hate
I love
I fear
I breath
I live my life love to be free
I hate
I love
I fear my blood is red like yours
