Galvanized steel , sheet in oil
Believe in a punch line in orders to improve
Live in a nation, a shallow formation
Technical adjustments
In orders to improve

Welcome to this shallow nation

365 days left to live
Modify design in orders to improve

Welcome to this shallow nation
Join us for a narrow mind
As our eyes turns back and our mind turns black
Loosing all self-control

I swear if I could only reach you
By my blood, I swear no good
I swear if I could only reach you
I'll show you compassion, compassion of a sacrifice

Welcome to this shallow nation
Join us for a narrow mind
As our eyes turns back and our mind turns black
Loosing all self control
