In the middle of this storm again  
Fighting fire  
Only fragments of the life I had remains  
My enemy  
My inner self  
Hunting me down  
Brief touch with reality  
I'm losing my gravity  
I've seen these crowns way to many times  
Although the sky is bleeding  
I've seen these crowns way to many times  
Still my eyes are dry  
The transfer is complete  
Onto another place another time  
Your beautiful world is dead  
Pitch black with your burning flag in my hand  
Is there anything left to save  
Except from revolting pride  
Is there anything left at all  
Is there anything left to long for  
I've seen these crowns way to many times  
Although the sky is bleeding  
I've seen these crowns way to many times  
Still my eyes are dry  
Although the sky is bleeding  
My eyes are dry  
Although the sky is bleeding  
My eyes  
Are dry  
Although the sky is bleeding  
My eyes  
Are dry  
Although the sky is bleeding  
My eyes  
Are dry  
I've seen these crowns way to many times  
Although the sky is bleeding  
I've seen these crowns way to many times  
Still my eyes are dry  
I've seen these crowns way to many times  
Although the sky is bleeding

I've seen these crowns way to many times  
Still my eyes are dry
