Something's wrong 'cause I can see it in your eyes and after all these years of lies I don't need this. So tell the truth 'cause I am sick of this disguise, you hide behind this mask of cries and I'm not leaving you.

So how will you know, how will you know, when it's time to say

This ship's going down with the storm and I'm not going home tonight.

Will you leave when it's too late, will you find the words to say?

You're sinking now I've walked away.

Don't be afraid to be the one to tell the truth, this broken home you're locked inside won't release you. So seek the day when you will see clear, rise up from the fear, bleed the colours of your world. Stand up to the lies, up to the lies, else you'll never say.

I'm here with you, don't you be afraid, I'll stand by you if you lead the way.

So I say to myself, if you're never leaving home then you'll never be ok just use my words. If

you're never leaving home then you'll never be ok unless you say.
