Hobo villa, Hobo need
Even dead, fear alone indeed
Even dead fear marble eye
He been living in a lullaby

Machinery overheat
Vambo teaching mastery
Over shaka, shake her fast
Even old marble eye go past him

Chorus: Vambo comin' to the rescue (3 times)

Up the go go river
Give away, lobster hobo, say OK
Long, long lover
She say goodbye
He been living in a lullaby
Chorus

Vambo never, show him face
hold him head in no disgrace
Hobo villa on the Hobo need
Even the dead fear alone indeed

Even dead fear marble eye
Ain't no way for he to die
Tell me no story, tell me no lie
He been living in a lullaby

Chorus:

Vambo Comin' to the rescue
Vambo rule OK, Vambo rule
