clench your fists  
angers in your blood  
you are seeing red  
think your number one  
jealousy in your minds  
violence in your soul  
to be a man  
you hit your wife  
you have no self control

control a woman  
thats what you try and do  
play mind games  
like your in a game of pool  
hit them with your fist  
kick them with your boot  
after that you think its cool  
get it straight you freaking fool  
wife beaters your so lame  
play that foolish game  
wife beaters your so lame  
play that foolish game

to hit a girl is so immature  
to hit a girl, you are insecure  
to hit a girl, you have no self esteem  
to hit a girl.....  
there is no excuse
