"You Are"

Let me open your heart
show you whats going on
I can be what you need
so let me open your heart
your eyes are too good
and you need to know youre gold
so how about we say
what we already know

i'm sorry they didnt tell you
all the things you should know
let me tell you now, I know who you are
you're too good to be here
you should go far

you are, you are who you are

the way you look at me so sad
the way you say things in your head
the way youre trying to be nice
the way that everyword is priceless

im sorry they didnt tell you....

youre the best thing ive ever had
and if they wont tell you then well run away
its not a disney movie
but im not yet over cause
i love you baby

you are, you are who you are

i'm sorry they didnt tell you...
