That we learn what it means to really love ourselves
That we can love our neighbors as we love ourselves

That we can live in harmony
See ourselves as a family
This is my prayer for humanity

That we protect our women and protect our girls
That they feel safe in every corner of the world

That we can live in harmony
See ourselves as a family
This is my prayer for humanity

That every man will be a father to someone
By loving every boy as if it were his son

That we can live in harmony
See ourselves as a family
This is my prayer for humanity

That every man woman boy and girl
will hear these words all across the world
This is my prayer for humanity

That we learn to take our elders off the shelf
Put them on a pedestal when they need our help

That we can live in harmony
See ourselves as a family
This is my prayer for humanity

That we learn that no one really wins a war
And every leader knows what power is for

That we can live in harmony
See ourselves as a family
This is my prayer for humanity

That every man woman boy and girl
will hear these words all across the world
This is my prayer for humanity
