I'm not a boy; I'm not a girl
I am like no one else you know
I am no good I am no bad
But I am warning you I am a vamp
Wherever we are from, let's take a chance with a
romance
Whatever we may be, baby let's dance

LA LA LA...

Baby, relax and take my hand
So what if I am from another land?
I also cry, I also smile
It's just that I was born to never die!
Oh babe I'll teach you how, just take a bow and fly
with me
The Dance of Hora's gonna set you free!

LA LA LA...

Bridge:
What is a vamp, is it a tramp?
It is the journey of the damned
Is it my eyes, is it my chant?
It is the attitude that makes you glam...
