Free of containment,  
I love every piece of this,  
breaking the chains,  
I will fly to locate my screen.

The scar, it's started to fade away,  
on his own,  
Rewrite, the choice is over my hand,  
and never go back again!

"I am the same guy you know, with the same things,  
the only difference is that those things are clean and I  
like them..."

Again, again,  
leaving the sadness,  
and cleaning this room of myself,  
the past is loaded with shadows,  
and moments of her,  
leaving me on the other side.

I cannot cross,  
he's over there, and for what?  
I shake all my body,  
I gather the strength,  
the guts, the will, the mind,  
the heart.

There's a road burning in my hand,  
Time to heal,  
A journey to start again,  
on my feet,  
regression to do what is mine,  
to the call,  
i want to make of this life,  
a shining sun again!

Again, again, again,  
the sadness,  
again, myself of her,  
the sadness.

Again, again, again,  
Acceptance,  
Again, myself of her,  
my body.

Can you tell me what is going on?  
Leave her wound?  
or bring my open soul?  
Blame her, your choice,  
blame her, her choice,  
leave it, leave it, leave it,  
Leave it!

Am I willing to forget this song?  
Take my power and build my own road?  
Step by step I get closer to it,  
make a choice of life will set me free.

Come to me, yeah,  
This is how we love tonight,  
Crawling in my head,  
I'll left the pain behind.

I'm so sorry for the suffer that we share, (that we  
share)  
but is over now, this journey has to end,  
Doesn't matter where are you now,  
I will carry on!  
Someday you will hear about this song,  
maybe you will hear some more.
