Don't hide!
We have to talk,
I've been waiting for this time,
So much, so more.

While we try to build,
Who we really are,
I keep falling,
Down inside.

Fear to your answers,
Living my life as hell,
I am walking to your place.

I cannot wait,
I gotta say,
The anxiety is crawling through my spine,
For tonight.

How long will I wait,
To catch your breath again?
The questions are hitting my head,
I want to smile again.

Can you feel it burning? (Yes, I can)
Can you feel it burning? (Yes, I can)
Can you feel it burning? (Yes, I can)
Can you feel it burning?!

This is how I feel it,
All loud and fast, (I can't go back)
Just one mistake,
Will send you to the grave,
No matter how hard you try.

How long will I wait,
To catch your breath again?
The questions are hitting my head,
I want to smile again.
Again!
