No more doors, No more victors,
No more hopes of convictions.
I can see the solution,
I can reach the absolution.

Make me feel like a good guy,
Let me stop all the bloodlines,
In the hole of our story,
I will fill us with glory.

Only time can hear my voice,
Only time and nothing more.

This despair is consuming,
All my strength, all my fury,
I reject this is over,
I will hold, I will cover.

In the wall there are laughter,
Is the watch, walking, walking,
He and I stare each other,
Making plans, making moments.

Denial!
Denial!
Denial!

In a moment of the silence,
A thousand pictures comes to me,
Telling stories, telling music,
Is the madness in the screen.

I close my eyes and see the future,
There is nothing there to sing for me,
All my hopes are lost in sorrow,
Is the madness in the screen.

Please just help me, please just help me,
Please just help me, please just help me,
Please just help me, please just help me,
Please just help me, please just help me.

Step by step my life goes slower,
Like Bruce says: "my time is coming",
I got to face alone this trial,
See you soon my friend, my lover.
