Don't try to tell me I'm sorry now,  
I'm working in myself, yes,  
I'm working in my window.  
There's nothing that you can tell me at this  
moment,  
And make me feel all right.

Our chance to be as one today,  
Was blown away by your unconsciousness,  
There's nothing that you can tell me at this  
moment,  
And try to fix this now.

Ah!  
Learn today,  
It's useless to fight when you are inside a shell,  
Who will never understand.

You are so blind,  
Your pride was hell,  
Your words were chains,  
Trying to hold my conviction,  
And start to play with your empty face,  
While you used my soul as your pillar,  
Support, dancing floor and walking way.

This is so real,  
I put so much on this,  
The sense of the fire,  
Starts to awake.

I have to reboot,  
My system inside,  
Your presence its hurting,  
Every inch of my mind.  
All I wanted to do,  
Was complete all my dreams.

I really tell you all,  
But you never understand,  
Aioh! I tried so hard,  
To be with you,

Again, and again, and again, and again.

It's too late now,  
I have to go,  
Your rules to me,  
Are about to blow, to blow,  
is too low, is too low, is too late!

I want to set the world on fire,  
I want to set the world on fire,  
I want to set the world on fire,  
I want to set the world on fire,

I want to set the world on fire,  
I want to set the world on fire,  
I want to set the world on fire,  
I want to set the world on fire,  
Now!
