Just roll over my dear  
Hold me tight, pull my hair  
You say you will, you'll shed a tear  
But I know in time you won't care  
But I know in time you won't care  
But I know in time you won't care

Covers laying on the ground  
Footsteps on my head  
Beating, thumping  
I know you will return, too me  
Cause I know, one day you'll return  
I know, one day you'll return

-----  
Chorus  
Now we're laughing in the rain  
Cause we burnt the bed sheets today  
-----

You're a million miles away  
Come back to me my dear

-----  
Chorus  
Now we're laughing in the rain  
Cause we burnt the bed sheets today  
Now we're laughing in the rain  
Cause we burnt the bed sheets today  
-----
