I Got The Flame  
Barbosa/Roca

When you feel down  
Confused and lost  
Don't let yourself  
Fall in claws of doom

Don't surrender now  
Got to keep the fight

Remake your goals  
Evolve your Mind  
Materialize  
All your desires

Don't surrender now  
Got to keep the fight

Can you breathe the fear?  
It kills your dreams  
Numb your beliefs  
And Drains your Hope

Will you let it grow  
Inside your heart?  
Don't be afraid  
Just face it off

I never saw so clear  
What was chaining my longed triumph  
But now I can realize  
I'm the one who got the flame

Don't stop yourself  
Don't stay behind  
You got to unleash  
That internal fire

Choose your own Path  
And Free your Life

You have to learn  
Who's fake, who's dark  
Don't let those fools  
injure your pride

Choose your own Path  
And Free your Life

I never saw so clear  
What was chaining my longed triumph  
But now I can realize  
I'm the one who got the flame

As you can see  
All what you need  
Is just to inquire  
Deep in your soul

Don't waste your time  
And spread the Flame

Your essence lies  
Beyond your mind  
Do not desist  
To reach the sky

Don't waste your time  
Spread Your Flame
