I started the fire in the basement over your heart
Feel the flames getting higher as a rage goes on in the
inside

It started all good like it always does
We were so damn happy we were so in love
And I know that you're a good man
Yeah I know that you are gold
Got a real bad tendency though
To turn good shit into mould

Chorus:

Run run run as fast as you can
'cause I've killed before and I'll do it again .
Run run run as fast as you can
'cause I've killed before and I'll do it again .
Run run as fast as you can
'cause I I killed before and I'll do it again.

I looked OK from the outside
but now you're looking in
Yeah I that I get vicious when I've been drinking
And it's always the same game that I, I choose to play
Yeah I don't drive you closer just to push you away
And I know that you're a good man
Yeah I know that you are gold
Got a real bad tendency though
To turn good shit into mould

Chorus:

Run run run as fast as you can
'cause I've killed before and I'll do it again .
Run run run as fast as you can
'cause I've killed before and I'll do it again .
Run run as fast as you can
'cause I I killed before and I'll do it again.

And go go go go as far as you can go
'cause I'll break your spirit dear, believe me I know
Leave my home and my friends
'cause I've killed before and I'll do it again .

[Chorus:]
