Got a song, song, man it goes like this

Somewhere the time was right
Could've been gone in ten
This world is hard to fight
Hitting you ones, hit it again
To know the way it feels
Everyone gets knocked down
When you get up it's real
Taking it back, turn it around
Get on it, up on it, get on it
Wouldn't wanna be you
Get on it, up on it, get on it
No one's gonna free you
You know when you're keeping it slow
No matter where you wanna go
Wouldn't wanna be you
Get on it, up on it
It's on we're living in chaos
Somewhere along the line things get chipped away
This place keeps going down
Get a little worse every day
I see the hate and greed
This world's messed up town
Embrace the pain and see, taking it back
You turn it around
Get on it, up on it, get on it
Wouldn't wanna be you
Get on it, up on it, get on it
No one's gonna free you
You know when you're keeping it slow
No matter where you wanna go
Wouldn't wanna be you
Get on it, up on it
It's on
Falling, falling, falling, falling

Got a song, song man and it goes like this
Somewhere the time was right
Could've been gone in ten
This world is hard to fight

Hitting you ones, hit it again
To know the way it feels
Everyone gets knocked down
When you get up it's real
Falling, falling, falling, falling
Get on it, up on it, get on it
Get on it, up on it, get on it
No one's gonna free you
Get on it, up on it, get on it
