There was a time, looking through myself, wanting to pretend

If I escaped I could fill myself, I don't think you can
Been far and wide but that hole inside never really leaves

I went away

What I really left, left behind was me

It's telling me to be on my way home

Million miles away

A million miles away

I can't stay, I can't stay

A million miles away

Each passing day, every passing face seems like such a blur

I long to be home silently, lying next to her

Just to get back by her side is all, all I need to be

I went away

What I really left, left behind was me

I need to be getting on my way home

Million miles away

A million miles away

I can't take, I can't take

A million miles away

It's telling me to be on my way home

I can't take, I can't take

Million miles away

I can't take, I can't take

Million miles away

I can't take, I can't take

Million miles away

I can't take, I can't take

Million miles away

I can't take (There was a time)

I can't take (Looking through myself)

Million miles away (Wanting to pretend)

I can't take (If I escaped)

I can't take (I could fill myself)

Million miles away (I don't think you can)

I can't take (Each passing day)

I can?t take (Every passing face)
Million miles away (Seems like such a blur)
I can?t take (I long to be)
I can?t take (Home silently)
Million miles away (Lying next to her)
