[Chorus 1:]

Call me, lovely Reaper
Deeper into the City
And I'll be your pet, Yeah
Until I'm dead,
Until I'm...

[Verse:]

Dead in SOHO
And the world is getting hollow
Dead ? there was no higher plan for me
Dead in SOHO
I'm the God, I'm Andy Warhol
Dead ? I've suffered plans for everyone myself

[Chorus]

[Verse 2:]

Here we are at the suburbs
Of the Art World
Here we are at the home of sorrow
Masters ? Disasters

[Chorus]
