I wanna know your name  
Mm-mmm  
Ooo, you look so good  
I wanna know your name  
What's your name, baby  
I'd love ya, if I could

'Cause, you're the kind of girl  
That I adore  
And you're the kind of girl  
I've been looking for

Hey, where do you live  
Where do you live, baby  
I'd like to take you home  
What do I have to give  
What do I have to give  
To call you on the phone

'Cause, you're the kind of girl  
That I adore  
And you're the kind of girl  
I've been looking for

Girl, tell me your name  
(I wanna know your name)  
Just tell me your name, please tell me your name  
(I wanna know your name)  
Ain't never seen nothin' as sweet as you  
(I wanna know your name)  
Sitting there in that grey dress, pretty little thing  
(I wanna know your name)

'Cause, I never believed  
In love at first sight  
But now I know  
That it's alright

Girl, tell me your name  
(I wanna know your name)  
Please, tell me your name, what's your name

(I wanna know your name)  
You look so good, you look so good  
(I wanna know your name)  
Girl, ain't never seen nothing like this in my life  
(I wanna know your name)  
You just look like something I could settle down with

Let me introduce myself  
My name is Little Sonny  
I drive a little red Volkswagen  
I like to go horse-back riding  
I like all kind of sweets  
Cupcakes, currants, and things like that  
This is why I can't help from noticing you  
Just a jazzy, jazzy ol' babe  
Come on, can I have this dance  
Something as groovy as this, we got to dance  
Lord, have mercy  
Am I holding you too tight?  
Oh, I-I'm sorry, I'm sorry, 'scuse me  
Ain't gonna get too close  
When are you going to tell me your name?  
Please tell me your name?  
I'm just going to have to grab you and hold you a little  
closer  
'Cause, I just got to  
Lord, have mercy

(I wanna know your name)  
Girl, tell me your name, mm-hmm  
(I wanna know your name)  
Just hold me, just squeeze me  
(I wanna know your name)  
Girl, tell me your name, you sweet little thing, you  
(I wanna know your name)  
I could love ya, I could love ya  
I could love ya all night long, all night long, all night  
long  
Mm-hmm

Listen, what about if you give me your phone number  
And I call you one Saturday afternoon  
Perhaps, we'll go in town  
Have a little bite to eat  
And then maybe go and take in a little movie  
And afterwards  
I'll just drop you at the h--at the doorstep  
And give you a little kiss  
Oh, I, just, so many things that we could do  
If you just tell me your name  
I'm not even married

Are you married

Girl, you gotta tell me, tell me, tell me your name  
(I wanna know your name)  
Just wait a minute, don't leave out the door  
(I wanna know your name)  
Don't leave me, don't leave me, unless you tell  
(I wanna know your name)  
Just tell, just tell me, girl, just wait a minute  
(I wanna know your name)  
Baby
