(United, united)  
Whoa, oh, oh

I'm tired of running around  
Me and my baby's gonna settle down  
I'm gonna make her my June bride  
We're gonna walk down the aisle  
Side by side

'Cause I love her  
She loves me  
That's the way  
It's gonna be

And baby  
You just wait and see  
We gonna be united  
(United, united)  
We only wanna be  
We're gonna be  
(United, united)

Whoa, oh, oh  
We stick together  
Like bees and honey  
We'll go together  
Like rainy and muddy

She brightens up, oh, my world  
She's got everything  
I want in a girl

'Cause I need her  
She needs me  
That's the way  
It's gonna be

And baby  
You just wait and see  
We gonna be united  
(United, united)

We got to be  
We're gonna be  
(United, united)  
Oh yeah, yeah

And oh, I'm gonna buy her  
A wedding ring  
And all the church bells  
Gonna ring

And baby  
You just wait and see  
We gonna be united  
(United, united)  
We got to be  
We're gonna be  
(United, united)

And I'm gonna buy her  
A wedding ring  
And all the church bells  
Gonna ring

And baby  
You just wait and see  
We gonna be united  
(United, united)  
We got to be  
We're gonna be  
(United, united)

I want you all alone  
We're gonna be  
(United, united)
