They will smile in sadness
The air wisps my hair
She will look beautiful
Will you still be there

And i'll sleep in the sand and the water
And i'll sleep in the sand and the water

(chorus)
This is where i'll stay
On a quiet day
My only silent place
This is where i'll lay

I have fought in fairness
And now i'll stand my ground
Now i'm nothing left
Just tears in the ground

My roots wrap round
Tears in the ground
My roots wrap round
Tears in the ground

(chorus)
This is where i'll stay
On a quiet day
My only silent place
This is where i'll lay
