If I was taller
Would I rise up from the crowd
If I was louder
Would you see me here right now
Could you tell me
Why to you, I don't exist
And why you not knowing me is hurting me like this

You can live a thousand years
And not know my name
And I won't mind at all
No I don't mind at all
You can date a thousand girls
And leave me in the rain
No I won't mind at all
So long as you let me
Enjoy the fall

If I avoided
Saying what's on my mind
If I shone like the stars
Would you look at what's inside
A teenage girl with everything
But nothing if I don't have you tonight
Cause you're worth the fight

You can live a thousand years
And not know my name
And I won't mind at all
No I don't mind at all
You can date a thousand girls
And leave me in the rain
No I won't mind at all
So long as you let me
Enjoy the fall

Storming clouds
Rain pouring down
Darling I need you here right now
All is lost
But I have found
A way to turn your life around

Yeah!
Just put your arms around
Me!

You can live a thousand years
And not know my name
And I won't mind at all
No I don't mind at all
You can tear my heart away
And toss it in the flames
And I won't mind at all
So long as you let me
Enjoy the fall, fall, fall
As I fall, fall, fall
Fall in love
