Thick mascara-ed lashes
Float like butterfly wings
Tears will spoil your face love
As your head begins to spin

No matter what it is you say
No matter how much you give
It never seems to be enough
Inside you hide all of the pain
You find it easy to misgive
Honey I'll pick you up

Porcelain doll
Slowly cracks will show
No it's no one's fault
No one to blame for red stains in the snow
But as you crawl through the dark
Honey, I'll open up
Just let me be your guide
And with me by your side
The porcelain doll will shine

Two bodies under blankets
The only one you've truly loved
Through all the regrets you've made
You know he'll love you just as much
No matter how many times you break
No matter how you choose to live
Yeah, he'll be on your side
Your past it lurks with old mistakes
But you're gonna have to forgive
Let God be your light

Porcelain doll
Slowly cracks will show
No it's no one's fault
No one to blame for red stains in the snow
But as you crawl through the dark
Honey, I'll open up
Just let me be your guide
And with me by your side
The porcelain doll will shine

And if I could write down in words
How much a smile would mean to me
Not the kind that is rehearsed
But the kind that helps me see
The beauty in a world
So far from heaven
Just remember that it's further from hell

Porcelain doll
Slowly cracks will show
No one's no one's fault
No one to blame for red stains in the snow
But as you crawl through the dark
Honey, I'll open up
Just let me be your guide
And with me by your side
The porcelain doll will shine
