I want to live until I die
There's nothing that could make me cry

Until I met you - I can't sleep at night
Since I found you, the rope is oh so tight

It's oh so tight...

Let's take a break and then we'll sit right down for a
moment
Let's take a breath and then we'll lay it all on the line

Can we tell what lies inside
When every feeling runs and hides

So why go find you? You'll just slip and slide
It won't make it easier on my mind

You're on my mind...

Let's take a break and then we'll sit right down for a
moment
Let's take a breath and then we'll lay it all on the line

I want to live until I die
There's nothing that could make me cry

Until I met you - I can't sleep at night
Since I found you, the rope is oh so tight

I lost control
I can't let go

Let's take a break and then we'll sit right down for a
moment
Let's take a breath and then we'll lay it all on the line
