Monster!

I think we... and crazy and insane!

This is all the celebration for the master generation

Who becoming saint and patient for a proper education

Or an honest explanation about the trials and

tribulations

People dying in our nations, seeing lies on every

station

Hear corruption for my preachers, still they say to

follow jesus

All our economic leaders starting wars on foreign djs

I think... was promised from the presidential

speeches

Plus the homies from my... so we're picking up the

pieces

When our parents call and preach us,

Our professors wouldn't teach us

And our coaches taking players, they just left us on the

breeches

Then the judges don't believe us

They just judge us on our features

They just... have us running from polices

So I'm standing in the court room, middle finger to

your honor

I'mma live just how I want to, pills leak on marijuana

What you rip is what you saw, so what we're giving

you is karma

What you gave is what made us into motherfucker

monsters!

Chorus:

Seeing I'm a monster, I'm a mother fucker monster!

Seeing I'm a monster, seeing I'm a monster

Seeing I'm a monster, seeing I'm a monster

Seeing I'm a monster, seeing I'm a monster

I'm a mother fucker monster!

I'm a little bit of east, a little bit of evil

And a little bit of art and...

I'm a mother fucker mixing all the shit that's seen

Like all the plagues and the diseases, the hatred and

the demons  
Is what happens when you introduce a...  
No... where I'm from  
Ain't no... where I'm from  
We survived the coldest winters and whole regions in  
our...  
The preachers reading songs that should be ridding us  
from harm  
But the streets... fighting, they gonna keep us in their  
arms  
I'm generation x, the generation exorcist  
I'm stressing right and wrong,  
We're just stressing if it's effort  
It seems that nowadays we get excited over extra men  
And bitches buy bodies to exaggerate their  
measurements  
I've never been the tongue to hold my tongue  
So I'mma be a beast until the folks with torches will  
come!  
You ain't got the right to choose, neah, I'm the  
chosen one  
Cause I was born in hell, I'm the devil's only son!  
You motherfucking monster!

Chorus:

They're saying I'm a monster, I'm a mother fucker  
monster!  
They're saying I'm a monster, they're saying I'm  
a monster  
They're saying I'm a monster, they're saying I'm  
a monster  
They're saying I'm a monster, they're saying I'm  
a monster  
I'm a mother fucker monster!

Monster

They're saying I'm a monster, I'm a mother fucker  
monster!  
They're saying I'm a monster, they're saying I'm  
a monster  
They're saying I'm a monster, they're saying I'm  
a monster  
They're saying I'm a monster, they're saying I'm  
a monster  
I'm a motherfucking monster!

I don't have to tell you things are bad,  
Everyone knows things are bad  
We know, the air is unfit to breathe, our food is unfit to  
eat  
The dog bites the nigger's...

And Iâ€™m into it!  
Weâ€™re sick watching our tvs while some local newsâ€™...  
told us that today we had 15 homicides, and 63 violent  
crimes  
As it affects the way itâ€™s supposed to be!  
We know things are bad, worst than bad! theyâ€™re  
crazy!  
I want you to get mad, mad  
I want you to protest, I donâ€™t want you to ride  
I donâ€™t want you to... your congressman,  
Cause I wouldnâ€™t know what to tell you to write  
I donâ€™t know what to do about the depression and the  
inflation and the... and the crime in the street  
All I know is that first, you got to get mad!  
You gotta say, Iâ€™m a human being, god damn it!  
My life has value!
