Ask me no questions and I'll tell you  
I'll tell you no lies, when all is said and done  
Does it really matter who's wrong or right?  
Don't ask me for a reason, I can't explain  
Why hurt one other again and again  
See while I'm bleeding I still, still reach for you

Thousand days, thousand days  
Have passed away  
Thousand days, thousand days  
Were captured in her eyes

Your eyes are open now but you know  
It's still hard to see inside  
When the action and the intention are two separated  
things  
Now I somehow wish I could explain  
Why we hurt one another again and again  
Like someone's dying breath I still, still reach for you

Thousand days, thousand days  
Have passed away  
Thousand days, thousand days  
Were captured in her eyes

Forever we've been  
Trapped by our hearts  
Trapped by our minds  
So I'd like to leave  
I'd like to win at love  
But I just can't let it go  
And I just can't watch it slippin' away  
And I just can't let it go  
And I just can't stand another minute

May be now someday our shattered lives  
Will mend themselves again  
Every now a million miles away, I still reach for you  
And though I somehow know, I can't explain  
Why we hurt one other again and again  
Like someone's dying breath I still, still reach for you

Thousand days, thousand days  
Aaa, aaa, ooo, aaa  
Thousand days, thousand days
