All I Have Left Is You:

I'll be the one, spin me around, lifting you up
And holding me down
Inside the storm is raging
It blows up in your eyes
Inside your heart is breaking
The river is running dry
I could run, I could hide
When I'm crashing down, you're the one who
saves me
All intertwined wrapped around me now, with all of my
thorns
And we're holding on
When there's nothing left to hold on to
So don't tell me when it's gone
Cause all I have left is you
Out of love, out of time
When I'm falling down, you're the one who
saves me
All intertwined, you wrap around me, with the thorns
And we're holding on
When there's nothing left to hold on to
So don't tell me when it's gone
Cause all I have left is you... (all I have left is you}
Ooh-Oh When there's nothing left to hold on to
So don't tell me when it's gone
Cause all I have left is you
I'll be the one, Lifting you up again
Inside the storm is raging
Hold me down, hold me down
Yeah oh yeah, I'm lying here waiting, lying here
waiting,
Ooohhh, ooh, I'm lying here waiting for
And we're holding on
When there's nothing left to hold on to
So don't tell me when it's gone
Cause all I have left is you, all I have left is you
Whoa ooh whoa ooh Ooh When there's nothing
left to hold on to
So don't tell me when it's gone,
Cause all I have left, all I have left is you
Ooh, whoo-ooh, Cause all I have left is All I have left is

you
