I don't wanna fuck with Da Hui
I don't wanna fuck with Da Hui
I don't wanna fuck with Da Hui
Because Da Hui will fuck with me

I don't wanna think about Da Hui
I don't wanna think about Da Hui
I don't wanna think about Da Hui
Because Da Hui will fuck with me

Out in the port, that's where I'll never be
I'm not a part of the neutral society
Stuck on the shoulder, that's why they follow me
Diggin for scraps where the guilty lie

I don't wanna park into Da Hui
I don't wanna park into Da Hui
I don't wanna park into Da Hui
Because I don't really feel comfortable

Out in the port, that's where I'll never be
I'm not a part of the neutral royalty
Stuck on the shoulder, I'm not complaining
Diggin for scraps where the guilty lie

Out in the port, that's where I'll never be
I'm not a part of the neutral society
Stuck on the shoulder, that's where you'll find me
Diggin for scraps where the guilty lie

Don't fuck with Da Hui
Don't fuck with Da Hui
Don't fuck with Da Hui
Because Da Hui will fuck with you
