Hey, come inside while I stand here acting bold (Can't stand to feel this way)
Clear out the cobwebs in my soul
This time I turn around
Things have changed
Now I don't feel the same
I start a fight, I can't defend
One more time
Damnit I changed again

Now I don't see things the way I did before (Can't stand to feel this way)
Things I felt yesterday don't matter anymore
It doesn't make any sense to feel so different day to day (Can't stand to feel this way)
When nothings changed except for me
Next time I turn around
Things have changed
Now I don't feel the same, yeah
Start a fight, can't defend
One more time
Dammit, I changed again
Turn around
Things have changed
Now I don't feel the same
Start a fight, I can't defend
One more time
Damnit I changed again

Turn around
Things have changed
Now I don't feel the same
Start a fight, I can't defend
One more time
Damnit I changed again
Turn around
Things have changed
Now I don't feel the same
Turn around
Can't defend
One more time
Damnit I changed again

I see it
