You may push me around  
But you can not win  
You may throw me down  
But I'll rise again  
The more you say  
The more I defy you  
So get out of my face  
whoa yeah

You can not stop us  
You can not bring us down  
Never give up  
We go on and on  
You'll never break us  
Never bring us down  
We are alive!

The wind blows  
I'll lean into the wind  
My anger grows  
I'll use it to win  
The more you say  
The more I defy you  
So get out of my way  
whoa-oh yeah

All my will  
All my strength  
Rip it out  
Start again

You can not stop us  
You can not bring us down  
Never give up  
We go on and on  
You'll never break us

Never bring us down  
We are alive!

(Guitar solo)

All my will  
All my strength  
Rip it out  
Start again  
All my will  
All my strength  
Rip it out  
Start again  
Can you leave it all behind?  
Can you leave it all behind?  
Cause you can't go back  
You can't go back  
Can you leave it all behind?  
Can you leave it all behind?  
Cause you can't go back  
You can't go back  
You can't go back  
You can't go back

You cannot stop us  
You can not bring us down  
Never give up  
We go on and on  
You'll never break us  
Never bring us down  
We are alive!  
We are alive!  
whoa no
