she wakes up rage and grace
pulling me closer pushing away
and me the sharpest thorn on your vine
twisting and turning we're all intertwined
broken wing empty glass words that scream and
bounce right back
she says you know we'd all like to rearrange

i wish i could fix you
and make you how i want you
wish i could fix you
and i wish you could fix me
i wish i could heal you
and mend where you are broken
wish i could heal you
and i wish you could heal me
oh a lalala a lalalala a dadaday

a beaming sunrise buries the night
the setting sun destroys the light

and she says baby ive gotta get going
cutting each other without even knowing
she see a million stars like holes in the sky
all gods tears for her they cry
and i am in her rain

i wish i could fix you
and make you how i want you
wish i could fix you
and i wish you could fix me
i wish i could heal you
and mend where you are broken
wish i could heal you
and i wish you could heal me
oh,oh,oh oh oh, hallelujah oh, oh oh oh

broken wing empty glass words that scream and
bounce right back
she says you know we'd all like to rearrange
