Look at me while I look at you  
And seein' eye to eye is that we can never do  
You tryin' to tell me what is right, yeah  
I may not know a lot but I know one thing

If you've got the answer  
Then I don't wanna know  
If you've got the answer  
Just keep it your own

I wonder why our world's ablaze where  
Sometimes I speak aloud to hear what people have to  
say  
I try to have an open mind  
But your brain and your mouth must not be connected

If you've got the answer  
Then I don't want to know  
If you've got the answer  
Just leave me alone

I would be patient but it takes so long  
I don't want all this misinformation  
All the words that you say

Lean on me while I lean on you  
And if we destroy each other  
We might save a life or two  
A little sun, a little shine, yeah  
Separates us both by forever and a day, yeah

I just don't wanna know  
If you've got the answer  
Then I don't wanna know  
If you've got a vision  
Then I don't wanna see

If you've got a notion  
Don't waste it on me  
If you've got the answer  
Then I don't wanna know  
If you've got the answer

Then I don't wanna know
