The house is living, haunting, nobody's home.
And you run, hiding, but you know there's nowhere else
to go!

The days are dark and filled with distant lovers'
dreams?
And it doesn't matter what day it is
cause it's always Halloween!

Yes and I am the night.
And I am the calling.
I am the confusion chasing you around and round and
roundâ€¦

You see faces in dark corners where you live.
And in these places? we're calling you but your life is
your mistake.

You tell me in pieces what you want, but they name
their price.
They tell you that the price you pay is another life in a
sacrifice!

Yes I am the dark.
And I am the patience.
I am the illusion chasing you around and round and
roundâ€¦

Running, hiding but there's nowhere to escape
from the voices that crawl inside your head,
living in this dank you will do what they say

So now the stage is set and the night is drawn
to no surprise it comes to your neck
cause the house is your mind and the life is your own
in a pool a of blood you will know me

Because I am the night and I am the end.
And I am the confusion chasing you around and round
and roundâ€¦

Halloween
I am the night
Halloween
I am the calling
Halloween
I am the confusion
Halloween
