Every girl's a story, call it morning glory
She wakes it up and pony, whoa
Dancing on the table, everybody's...
Holding up his dollars, pointing as he hollers

It's you, waiting out for you baby
I want a secret family with you
Waiting out for you baby

It's too big too... gotta get my swag on
Looking for an adult
Standing in the mirror,
Tryna get you nearer
Funking is the meaner
This is what he said
He said, I've been a lonely man, du du du du du du du du
Such a lonely man, du du du du du du du du
He said, I've been a lonely man, du du du du du du du du
Such a lonely man, du du du du du du du du

It's you, waiting out for you baby
I want a secret family with you
Waiting out for you baby

For you with your drama thing...
And it's making me fall

It's you, waiting out for you baby
I want a secret family with you
And it's alright

I've been a lonely man
Such a lonely man
I've been a lonely man
Such a lonely man

Now I've got you, waiting out for you baby
I want a secret family with you
Waiting out for you baby

First we went to... with the south I'm blown away
... and it's bigger than...

It's you, waiting out for you baby
I want a secret family with you
Start a secret family with you
And it's alright, yeah it's alright.
