

Offspring "Leave It Behind"

Visit "[Leave It Behind](#)" on MotoLyrics.com

Rage burns can't push it aside now
Can't forgive this grudge is alive now
All the rage eats you up inside
Can you leave it behind
Leave it behind

What a surprise
You're fucked with again, yea
It's a way of life you need to get over
All the rage just eats you alive
Can you leave it behind
Leave it behind

I don't know where it'll end
The sun has set
And I can't be friends
I don't know if I can forgive
The day is long
But you were so dead wrong

What a surprise
You're fucked with again, yea
It's a way of life you need to get over
All the rage just eats you alive
Can you leave it behind
Leave it behind

I don't know where it'll end
The sun has set
And I can't be friends
I don't know if I can forgive
The day is long
But you were so dead wrong

I don't know where it'll end
The sun has set
And I can't be friends
I don't know if I can forgive
The day is long
But you were so dead wrong
