Lay awake, I don't give a shit
If I even ever wake up in the morning
Down below, there's a pile of sin
Always waiting for a, waiting for a warning

Burned at the stake, inside, I'm blistering
Not a whisper looking in, you'd never know it
Miles below, I look up again
When you snap they say before you never show it

Someone said it's alright
Save it now, don't say it for my sake
Someone said it's alright
Faster now, you know I got no brakes, no brakes

Fuses glow, wounds are festering
'til the wind comes up and takes it to the last pow
Back and forth, staring at the wall
This room's a cage, I know that something's gotta give
now

Lay awake, I don't give a shit
If I even ever wake up in the morning
Down below, there's a pile of sin
Always waiting for a, waiting for a warning

Burned at the stake, inside, I'm blistering
Not a whisper looking in, you'd never know it
Miles below, I look up again
When you snap they say before you never show it

Someone said it's alright
Save it now, don't say it for my sake
Someone said it's alright
Faster now, you know I got no brakes, no brakes

Someone said it's alright
Save it now, don't say it for my sake
Someone said it's alright
Faster now, you know I got no brakes

Someone said it's alright

Save it now, don't say it for my sake
Someone said it's alright
Faster now, you know I got no brakes

No brakes
No brakes
No brakes
